

## **Scientific Method Steps**

**I. Question/Problem**

**II. Research**

**III. Hypothesis**

- **If ....., then ....., because...**

**IV. Materials**

**V. Procedure**

- **List step by step what to do**
- **Experiment**

**VI. Collect/Record/Analyze**

- **Data**
- **Graphs**
- **Observations (Qualitative/Quantitative)**

**VII. Conclusion**

**VIII. New Questions**

- **How, what, where, when, why, who, does, can, will**
