The Eagle Rock Multi-Age Program (ERMA), created in 1994, provides another choice for parents in the Riverview School District. This K-5 program integrates curricular areas through school-wide thematic units to bring learning alive for students. Active studies include field trips and multi age days to enhance academic areas. We offer a unique hands-on, minds-on learning environment that fosters cooperation and teamwork. Monthly character traits and family groups help the children grow socially. Teachers use a variety of teaching techniques to meet students’ different learning styles. The Eagle Rock Program allows students to progress through the elementary experience at a rate based on individual strengths.

One component of the Eagle Rock experience is the commitment of each family to volunteer a minimum of 60 hours per year. Parents volunteer their strengths, talents, and skills. We believe that involving parents and community in the learning process is critical and an integral part of our students’ success.

In our outdoor classroom and garden settings, students are free to explore and learn about nature, applying to their own environment what is learned in the classroom and on field trips. Students are encouraged to spend recess time enjoying the garden. We have a school-wide recycling program which includes composting and worm bins as well as paper products. We now use plastic reusable trays for our lunches due to a student-driven quest to reduce. This has made a huge impact on our garbage.

Student leadership is a top priority. Our student council is elected by the entire student body in late September. The council allows students to be actively involved. The council has accomplished many tasks including raising money for the community and organizing spirit days. The council also gives input on dress codes and school rules and helps decide what the school needs are from the students’ point of view. Our students are also encouraged to provide articles and art for the quarterly newsletters produced by our students.

ERMA’s program director received her National Board Certification 2003. All certificated staff members have masters and are leaders in the district and state professional development. All members of ERMA strive for excellence through collaboration, building an exceptional educational foundation for students in an inviting, and nurturing setting. Eagle Rock was named a School of Distinction for the 2010-2011 school year.

Sincerely,

Judy Kay Harris
Program Director
Mission Statement
To connect school, family, and community in order to create a strong foundation for a future of life-long learning.

Vision
At Eagle Rock we:
- Believe in a theme-based, multi-age philosophy of education, which focuses on the different and personal needs of each of our students.
- Guide and teach our students to be the best they can be in all that they do and dream.
- Value active participation through hands-on, minds-on learning, cooperation, and teamwork.
- Model a love and passion for lifelong learning.

School Improvement Goals
The Eagle Rock Multi-Age Program supports site goals for improved student learning through the district budget, corporate sponsorship and grants.

This includes attending a staff retreat, site team meetings, PTA meetings, and providing ongoing in-service to educate staff and parents about the Multi-age philosophy and strategies that help us improve teaching and learning in all curriculum areas.

The Eagle Rock Site-Based Council is the overall governing system of this program. The council consists of the staff members and parent representatives.

Invitation to Participate
Families who wish to enroll their child(ren) in the Eagle Rock K-5 Multi-Age Program should request an application packet early in January.

Applications are due the beginning of March.

If you have questions, contact the ERMA office at 425-844-4900.

NR—Scores were not released by OSPI; NA—students were not tested in those content areas.

The federal Elementary and Secondary Education Act (ESEA “No Child Left Behind”) creates additional reporting requirements. You can view school, district, and state data, with a range of information, at the OSPI website: www.k12.wa.us. This information is also available at each school.

### Financial Resources

Eagle Rock K-5 Multi-Age Program operates on an average annual budget of approximately $5,540 based on a full-time equivalent student enrollment of approximately 70.

Funds are distributed in the areas of Learning Resource Center, general office supplies, paper and copying, textbooks, and teacher resource supplies as needed for the basic operation of the school.

### Facility Information

The Eagle Rock Multi-Age Program is located in modular buildings near Cedarcrest High School. Our students partner with Cedarcrest students in Drama, Art, and Literature projects when opportunities arise.

A large deck and a garden, along with an outdoor classroom, provide daily interaction with the environment. In addition to the classrooms, a multi-purpose room provides space for a computer lab, library, and lunchroom and group activities.
PTA
The ERMA PTA is an outstanding group of dedicated parents who provide support for our program needs, including Music, Art, PE, Health and Wellness, Library and Drama.

Each year, the ERMA PTA organizes activities such as a book fair, afterschool enrichment activities, pumpkin carving night, bingo night, Young Author’s week, Arts week and an end of the school year celebration.

School Safety
Emergency Preparedness is a priority with families and staff at Eagle Rock. Our Emergency Preparedness Committee engages staff and students in planning for unexpected events through regular drills, ensuring that every student has a personal emergency kit. In addition, we have an on-site storage facility containing adequate supplies to sustain us for a period of 72 hours after a major emergency.
